Mahadev Enterprises ERP

Complete User Guide

1. Getting Started

Installation

1. Double-click "Mahadev Enterprises ERP Setup 1.0.0.exe"
 2. Click "Install" and wait for installation to complete
 3. The app will launch automatically after installation
 4. A desktop shortcut will be created
-

First Launch

When you first open the app, it will be empty. You need to import your data from Vyapar:

- Go to "Vyapar Import" in the sidebar
 - Click "Upload .vyb File" or drag-drop your .vyb file
 - All your products, categories, customers, suppliers, and sales will be imported
 - The app is now ready to use
-

System Requirements

- Windows 10 or later (64-bit)
- 4 GB RAM minimum
- 500 MB free disk space
- Any USB barcode scanner (optional)
- Thermal or regular printer (optional)

Mahadev Enterprises ERP

Complete User Guide

2. Dashboard

The Dashboard gives you a complete overview of your business at a glance.

Statistics Cards

 - Total Revenue - All-time revenue
 - Customers - Total registered customers
 - Stock Value - Total value of current inventory
 - Out of Stock - Products with zero quantity
 - Low Stock - Products with quantity "d 5
 - Categories - Number of product categories
-

Charts & Analytics

- Sales Last 7 Days - Bar chart showing daily revenue
 - Top Selling Items - Products ranked by quantity sold
 - Repeating Customers - Customers with multiple purchases
 - Category Breakdown - Products per category
 - Financial Summary - Revenue, profit, stock value
-

Staff Sales

Shows each staff member's sales for today with commission earned.

Number Plate Orders

Shows today's and monthly number plate orders with status counts.

Mahadev Enterprises ERP

Complete User Guide

3. Products Management

Adding a Product

1. Go to Products page
 2. Click "+ Add Product"
 3. Fill in the details:
 - Product Name (required)
 - HSN Code (for GST)
 - Description
 - Quantity (initial stock)
 - Sell Price (retail price)
 - Wholesale Price (B2B price)
 - Cost Price (purchase price)
 - Barcode (auto-generated if empty)
 - Category
 - Product Image
 4. Click "Create Product"
-

Editing a Product

Click "Edit" on any product row to modify its details. Changes are saved immediately.

Deleting a Product

Click "Del" on any product row. Products are soft-deleted (hidden but not removed from database).

Search & Filter
